DEPARTMENT HEADS, ELECTED OFFICIALS AND EMPLOYEES

County Auditor Eric Van Lancker reported absentee voting for the June 7 Primary Election begins Wednesday. He said kickoff meetings started last week for the new County website and those who participated appear to be excited about the upgrade.

County Treasurer Dustin Johnson said there is \$1.13 million in outstanding property tax which is average and a vast majority will be collected at tax sale.

DISCUSSION WITH POSSIBLE ACTION

Jackson County Engineer Sharing Agreement: Clinton County Engineer Todd Kinney said Jackson County is again without an engineer and they have asked to renew a previous agreement for him to assist with engineering duties in the interim. He said they also asked if Clinton County would be willing to do a permanent sharing. Kinney said the first time he wasn't interested in taking on a second County, but some things have been removed from his table that could free up his time. He recommended Jackson County try to do the interview process first before pursuing a fulltime agreement with Clinton County. Chairman Determann said he doesn't have a problem with the interim agreement, but would like to talk about the permanent agreement. Srp wants to make sure Clinton County is covered without losing services when tending to Jackson County. Kinney said the permanent sharing will need to require a cost sharing. Van Lancker said there are other counties sharing county engineering services in Iowa. He said those 28E Agreements could be reviewed for cost sharing ideas. Supervisor Srp said he's interested to see the revisions in the interim agreement. Kinney said there is an assistant there who will be retiring soon. He said Jackson County also has an office manager. Kinney said his office is in a better position to take on a full-time share agreement with Jackson County. He said he will speak with Jackson County and create a rough draft of an agreement and then the Board will review that draft agreement. Kinney will create an interim agreement that will end at 90 days. Supervisor Irwin wants to charge more than cost for Kinney's services for the interim to encourage Jackson County to move on with their process instead of taking advantage of the services.

City of Grand Mound Y-54 Rehabilitation Project Agreement: Kinney reviewed the proposed agreement as Grand Mound was interested in extending the agreement. The City would like the County to absorb some cost and then pay the County back over 10 years. He is asking the Board if it would be interested in the agreement. Kinney will bring a resolution and agreement back to the Board.

Rural County Transportation Program Funding: Kinney reported the reimbursements may not be coming back into the County at the same level. He said the County could consider lowering its grant. Srp said the current amount should stand for FY23 and be discussed for the FY24 budget.

10:33 A.M. Public Hearing

Chairman Determann called a public hearing to order to solicit comments on the proposed budget amendments to the fiscal year 2022 County budget.

Proof of publications was presented, accepted and returned for filing.

Present were Supervisors Irwin and Srp, County Auditor Eric Van Lancker, public and media.

Van Lancker and County Budget Director Nicholas Manrique reviewed the proposed amendment.

MOTION by Supervisor Srp to adjourn the public hearing.

Roll Call: Srp: Yes; Irwin: Yes; Determann: Yes. Motion carried. Public hearing adjourned at 10:35 a.m.

The following resolution was presented and on motion approved:

RESOLUTION 2022-151

10:49 A.M. Solar Project Application Review

Irwin said someone asked about insurance coverage if controlled burning happens to damage solar panels. He asked insurance reps and they all said it would be covered under the umbrella coverage. Ranger Power has met with the Grand Mound and Calamus fire departments since the last meeting to discuss any special training or equipment they would need. Sam O'Keefe with Ranger Power said the fire departments appreciated the offer for annual training and ability to access the property if needed. Srp said he's been trying to figure out how many more acres are available for this sort of development. He says that research has not been going well as there is no solid research on that matter. A consultant with Origin said there are a few things that he thought should be added or better specified such as the type of trees that would be planted near the property lines. He reviewed a list of issues he thought should be better defined. Those items included road use and damage to roads during construction and decommissioning. Determann said there has been some discussion they aren't following the master plan, but the County Attorney has told the Supervisors that they are following it. McGee and Clinton County Planning and Zoning Director Thomas Barnes said the application does meet County requirements. Srp said he's pleased with the work the Supervisors have done to become educated about this process and issues around the pending applications. The Board would like the topic to be on the agenda again next week in case something else comes up. However, the final deliberation and decision will take place May 26 in Grand Mound. Irwin said while the Board appreciates the encouragement to use local labor there is nothing the County can put in place to force the developer to use local labor according to the County Attorney. Ryan Drew, Union representative, said using local workers will have a big impact on the community. He said the funds the developers get from the government deserves enough respect to use local workers.

6:30 P.M.

The Board of Supervisors participated in the all Boards of Supervisors Eastern Iowa Mental Health Region Annual Meeting. Minutes from that meeting are on file with the Mental Health Region.
