Clinton County Planning Committee Seeks Public Input

Clinton County, IA — A planning committee comprised of representatives from Clinton County, the incorporated cities, public school districts, Eastern Iowa Community College, and other stakeholders is currently updating the comprehensive Clinton County Multi-jurisdictional Hazard Mitigation Plan. The Clinton County Hazard Mitigation Planning Committee is seeking public input for the plan update. A summary of the plan update effort underway, as well as a questionnaire to capture public opinion and comments, is available online at: <https://www.surveymonkey.com/r/ClintonHMP>. Hard copies of the questionnaire will also be available at United States Post Office locations in the county during normal operating hours. The survey will be available until October 14, 2016. The purpose of this outreach effort is to provide information to the public on the plan that is being updated as well as gain public input.

The plan update will address a comprehensive list of hazards—ranging from severe winter storms and flooding to hazardous materials incidents and tornadoes—and will assess the likely impacts of these hazards on communities and school districts in Clinton County. This effort will also update current strategies and identify additional strategies to reduce the vulnerability of people and property in the participating jurisdictions from the impacts of hazards as well as maintain eligibility for participating jurisdictions for mitigation funding programs administered by the Federal Emergency Management Agency (FEMA).

Clinton County has taken the lead in coordinating the update of this plan under the direction of Emergency Management Coordinator, Chance Kness. The County has drawn on the expertise of consultants with Amec Foster Wheeler Environment & Infrastructure, Inc., a firm that specializes in hazard mitigation and emergency management.

Feedback from the public will be incorporated into the draft plan, which will be available for public review and comment later this summer. Upon approval by the Iowa Homeland Security and Emergency Management Department and FEMA, the plan will be presented to the Clinton County Board of Supervisors, City Councils, and School Boards of each participating jurisdiction for formal adoption. For more information on this project, contact Chance Kness, at 563-242-5712 or via e-mail at kness@clintoncounty-ia.gov
