**Mobile App Will Tell City Election  
Voters “WhereUVote”**

CLINTON – Clinton County Auditor and Commissioner of Elections Eric Van Lancker announced the “WhereUVote” app for Clinton County has been updated with information for the City Election taking place on November 7, 2017.

“WhereUVote IA - Clinton County” was developed by Evil Twin Software and debuted for the General Election in 2016. Voters can enter their address into the app and it will tell the voters where their polling place is located on Election Day. The app will also inform voters where they can vote absentee before Election Day.

The app will automatically update for the City Election for those voters who downloaded the app for their Android or Apple mobile device last year. Those who wish to have the City Election information on their mobile device may simply download the “WhereUVote IA - Clinton County” app from Google Play or the Apple App Store.

“We received great feedback about this app from the voters who used it last year for the General Election,” Van Lancker said. “This app will open a navigation app on the user’s device that will display the name of the polling location and where it is located on the map.”
