

Community Emergency Response Team (CERT) Training

What is CERT?

The Community Emergency Response Team (CERT) program helps to train people to be better prepared to respond to emergency situations in their communities. When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims and organize spontaneous volunteers at a disaster site. CERT members can also help with non-emergency projects that help improve the safety of the community.

What is the Class Schedule?

We will work with your group to determine a class schedule. We are flexible and we will schedule classes when it works best for your group. The initial class takes a minimum of 20 hours, which can be broken up several different ways. For example, 2 - 8 hour Saturdays plus 1- 4 hour Saturday Class or 8 weeknight classes that meet for 3 hours each, or a combination of other times.

How can I sign up for a CERT Class?
