DEPARTMENT HEADS, ELECTED OFFICIALS AND EMPLOYEES

County Auditor Eric Van Lancker said he was elected to the US Election Assistance Commission Local Leadership Council Executive Board which is made up of 10 local election officials from across the nation. He said two officials from each EAC region were elected to the board.

Supervisor Irwin said there will be a lot of conversations this week after John Bray has been appointed as County VA Director and has left the County EMA office. He said those changes will be reviewed with the various departments.

Supervisor George attended a Clinton County Solid Waste Agency and reported a firm is looking at the landfill to capture the methane from the landfill to use it to build storge bins. She said the County landfill would get a percentage of the profits from the company and it could be as high as \$250,000 a year. She said there is also talk of placing solar panels on closed cells. She added the CCDA received a presentation from CCC for the Bicklhaupt Arboretum improvements. She said she has been involved in productive meetings with the County Sheriff and City of Clinton officials and its police department about ideas to address crime.

County Treasurer Dustin Johnson said his department is working on tax billing and hope to have those out later this week.

DISCUSSION WITH POSSIBLE ACTION

ECIA Brownsfield Coalition Update: ECIA Brownfields Project Manager Dawn Danielson reported on the FY20 Brownfields Assessment grant is being closed out. She said there were 20 sites that received funding and nine of those were in Clinton County and the largest share of the grant funds were spent in Clinton County. She said the new agreement adds Limestone Bluff to the coalition. She said outside of that, the coalition will continue to operate as it has.

MOTION by Supervisor George to authorize the Chairman to sign the ECIA Brownfields Coalition MOA.

Roll Call: George: Yes; Srp: Yes; Irwin: Yes.

Motion carried.

HR Update: County HR Director Alley Ellison provided a presentation of open enrollment for this year.

County Administration Building HVAC Study Update: County Facilities Director Corey Johnson reported the engineers provided a report to Irwin, Van Lancker, Dustin Johnson and himself. He said MODUS believes the County is on the right path but provided additional action that could take place to address control issues. Johnson reviewed the costs of the recommendations. He said the total estimate is \$3 million for the recommendations and what the Supervisors have already committed toward projects through ARPA funds. Van Lancker said the difference in the \$3 million and what was already committed can be covered by the \$600,000 of ARPA funds that are currently uncommitted. Srp said the project should be put out for bid with the alternates to provide flexibility within the budget. Johnson said the alternate could be the lights and ceiling tile throughout the building and another could be just lights and ceilings on the first floor.

Courthouse Carpet Replacement Project Update: County Facilities Director Johnson said the project cost is included in his budget this year and the color of the carpeting had to be decided in order for the project to begin.
