DEPARTMENT HEADS, ELECTED OFFICIALS AND EMPLOYEES

- Supervisors shared the meetings they will each be attending this week.
- David Troester, County Auditor, mentioned ongoing efforts for the upcoming election on November 4th. Absentee voting will commence early this week, with ballots going out on Wednesday, and in-person absentee voting will also start at the auditor's office on the same day.
- Dustin Johnson, County Treasurer, discussed recent issues with postal mail processing, highlighting that changes in the USPS routing system have caused delays and irregularities in mail delivery and postmarking. They note that mail dropped in collection boxes may not be postmarked the same day, which could impact the timely processing of ballots and official correspondence.
- Todd Kinney, County Engineer, updated the board on several construction projects: the overlay work on 290th Ave and Y-70 is mostly complete, with finalization delayed due to a concrete drum tip-over incident—waits for crops to be removed before removal. The E 63 190th St. project is progressing, with rumble strip work pending. The old Highway 30 bridge demolition is nearing completion, with efforts focused on building the remaining substructure before winter.
- Ally Weller, Human Resources, provided an update on the progress of the wage proposal. They mention collaborating with the sheriff to address department compression issues and discuss plans with payroll. After today's department head meeting, a more concrete plan will be developed and presented for approval. The goal is to ensure the proposal has buy-in from all involved before moving forward.
- Chance Kness, Emergency Management, reminds citizens that the burn ban is still in effect. They discuss recent rain, noting that despite some light precipitation, the dryness persists because the crops have dried out completely, with moisture not lasting long after rain. They emphasize that fire danger remains elevated due to warm temperatures and breezes.

DISCUSSION WITH POSSIBLE ACTION

Representative for the county on the capital improvement planning board for the city of Clinton: The discussion concerns the appointment of a county representative to the City of Clinton's Capital Improvement Planning Board. Supervisor Srp has served in this role for the past two years and is willing to continue, noting that the workload is manageable and that he has already contributed to recent changes. He expressed his willingness to serve again, and the board has confirmed their support for the decision. The chair will inform the mayor of the continued appointment.

Eastern Iowa Workforce Development Area Chief Elected Officials Shared Liability Agreement: The discussion covers the approval of a liability agreement related to the Eastern Iowa Workforce Development Area. It was noted that each county's responsibility is now based on its population percentage, a change from previous agreements. The counties are generally comfortable with this adjustment, and a motion was made to authorize the contract's signature.

Motion by Supervisor Irwin to sign the Liability Agreement.

Roll Call: Srp: Yes; Irwin: Yes; George: Yes.

Motion carried.
